FARM LANDS for SALE.—The ILLINOIS TWO MILLION OF ACRES

FARMING LANDS,

LOW RATES OF INTEREST.

LOW RATES OF INTEREST.

These lands were give et by the Government to sid in the constriction of this Railroad, and include some of the richestand meat fertile Plainies in the State, interspersed here and those with magnificent groves of oak and other timber. The Rose extends from Cheego on the neith east to Cairo at the acuta, and from there to Geler and Dan cith, in the north-west extreme of the State; and as all the lands lie within fifteen files on each side of this Road, roady and cheap moster within the content of the transporting the products of the lands to

tech falles on each sale of the Road, roady and chast master afficies by it fort ansporting the products of the lauds to any of those points, and from themes to Earlern and Southern markets. Moreover, the rapid growth of flourashing towns and voltages along the line, and the great increase in population by immigrating, &c., afford a substantial and growing home demand for tarm produce.

The scale is a dark, rice mold, from one to five feet in depth, is genty rolling, and recularly fitted for grazing Cattle and Sheep or he cultivation of Wheat, It dans Core, &c.

Ecotomy in contivating and areat productiveness are the well at own characteristics of Binois lated. Trees are not required to be cult cown, stumps grabbed, or some needs off, as is generally the case in cultivating a low land in the sites \$1.500. The first extent of plowing a rich and be newly blocken and, sand y recays the cest of plowing a dictions.

Wheat sewm on the newly-times and is since to yield very

is generally the case in cultivating new land in the citer States, the first expect Indian Corn, planted on the newly burken and study by reasy the cest of plowing and facining.

Wheat away on the mewly-turned so it is sure to yield very intro-profits. A man with a plow and two yield very intro-profits, a man with a plow and two yield very intro-profits. A man with a plow and two yield one will break one and a helf to two acres per day. Contract can be made for breaking ready for Corn or Wheat, at from \$2 to \$2.56 per acre. By juddelens menagment the land may be plowed and tened the first, and under a high extendituration. The second year.

Corn, Grain, Castle, &c., will be forwarded a reasonable rates to Chicago for the Eastern market and to Cair, for the beauting of the Eastern market and to Cair, for the beauting of the find of the profit of the high-priced land in the Eastern and Middle States is known to be much more than sufficient to pay the difference of state-portation to the Eastern market.

Biteninous Coal is minded at several points along the Road, and is a cheap and desirable fact. It can be delivereral several points along the Road and its a cheap and desirable fact. It can be delivereral several market the same rates pargond.

Those who think of acting in Iswa or Minnesots, should bear in mind that lands there of any value, along the water courses and for roany rules inlined, have been disposed of; that for these located in the interior there are no conveniences for transporting the produce to market, relivous to the kinds been introduced them, that to send the produce of these lands one or two hundred miles by wagon to market would cat much more than the expense of our travailing them, and being do investments as the located in the interior there are no conveniences for transporting them, and being down the fact that have been deposed of that for these locates in the thought vacant mode may be found nearer the water occurses, the distance to market is far greater, and every honored mile should b

water of Summer or the frost of Whiter.

PRICE AND TERMS OF PAYMENT.

The price will vary from \$3 to \$25, according to location, quality, &c. Contracts for Deeds may be made during the year 1856, stipulating the purchase more y to be paid in five annual is stallments—the ire to become due in two years from the dats of contract, and the others annually thereofer. The last payment will become due at the end of the sixth year from the date of the contract.

INTEREST WILL SE CHARGED AT ONLY THREE PER CENT PER ANNUAL.

payment will be come one care at the contract, the first two lates of the contract.

INTEREST WILL SE CHARGED AT ONLY THREE FIR CENT FER ANALM.

As a security to the performance of the contract, the first two years interest must be paid to advance, and it must be understed that at least one-text of the land purchased shall yearly be brought and reduivation. Langer credits, at any percent per annum, may be negatiated by special application. I renty per annum, may be negatiated by special application. I renty per cent from the creent price will be received as each.

Ready framed Farm Buildings which can be set up in a few days, can be obtained from responsible persons.

They will be 12 feet by 20 feet, divided into one living and three becroons, and will cost complete, set up on ground chosen ary where along the read, 5150 in cash, exclusive of transportation. Larger buildings may be contracted for a proportionare rates. The Company will forward all the materials for such building sover their road promptly.

Special arrangements with desiers can be made to supply those purchased to the company's lands wint fencing materials, agricultural tools, end outil of provisions in any quantity, at the lowest wholesale prices.

It is heliceved that the price long credit, and low rate of interest charged for these lands, will enable a man with a few himself all the contracted distributed and contracted of make himself independent before all the purchase money becomes due. In the ment himself independent before all the purchase money becomes due. In the ment himself independent he fore all the purchase money becomes due. In the ment himself independent himself independent and of the contract of the country will probably have in reased their view four or five fold.
